Drawing caricatures can be a fun and entertaining way to tap into a different form of art and cartoon drawing. If you can see the humor and creativity in normal things, read on, because we are going to show you how to exaggerate and distort a person or image in 8 simple steps to create a caricature. To draw a caricature of someone, start by sketching the general shape of their head on a piece of paper. Then, look at the person, and choose one or two features that immediately jump out at you, like their nose, their lips, or their eyes. Once you've chosen one or two features, exaggerate them in your drawing. How to Draw Caricatures For Beginners. We're going to talk about how to draw caricatures for beginners, and whilst it might all sound complicated at first, once you start putting pencil to paper and letting your creativity flow, you'll soon see how easy it can be. Of course, words will only take you so far, and you will need to see images, to help you develop your skills into a talent. This series of "How to Draw Caricatures" tutorials are a just a small taste of a larger and much more in-depth book I wrote called The Mad Art of Caricature! The book is 175 full-color pages, lavishly illustrated and contains greatly expanded explanations of the concepts presented in these tutorials, as well and a great deal of additional material on caricaturing other facial features ...
