

Download Overview Guide Hogan Assessments

Hogan's Assessment Certification workshop qualifies professionals to administer our assessments. This course teaches the interpretation and application of Hogan's three core personality-based assessments: Hogan Personality Inventory (HPI) Hogan Development Survey (HDS) Motives, Values, Preferences Inventory (MVPI) Hogan Summary is a self-guided interpretation of individual strengths, values, and challenges. The report is a snapshot of interpersonal performance, organizational fit, and a primer for performance improvement and shifts in behavior. The first to combine cognitive ability, bright- and dark-side personality, and values, the Hogan Judgment assessment consists of two brief measures related to verbal and numerical reasoning, three independent scales that assess non-cognitive attributes that influence how an individual approaches decisions, and an assessment of post-decision reactions, including responses to negative feedback.
