Drug Dosage Calculations Practice Exam 1 (20 Items)

Practice drug dosage calculations for the NCLEX or any nursing exam with this 20-item questionnaire. In the actual NCLEX, these type of dosage calculations are usually formatted as a fill-in the blank question type. In this quiz, we'll present them as the usual multiple choice format,...

Medication Administration & Nursing Chapter Exam. Choose your answers to the questions and click 'Next' to see the next set of questions. You can skip questions if you would like and come back to them later with the yellow "Go To First Skipped Question" button. When you have completed the practice exam, a green submit button will appear. Click it to see your results.

Although most facilities have pharmacy calculate and deliver unit dose medications, and have IV pumps to calculate IV rates, the nurse remains responsible for the delivery of the correct dose of medications and IVs.
