

Download The Use Of Force In International Law A Case Based Approach

The international law on the use of force is one of the oldest branches of international law. It is an area twinned with the emergence of international law as a concept in itself, and which sees law and politics collide. The number of armed conflicts is equal only to the number of methodological approaches used to describe them. The international law on the use of force is one of the oldest branches of international law. It is an area twinned with the emergence of international law as a concept in itself, and which sees law and politics collide. The number of armed conflicts is equal only to the number of methodological approaches used to describe them. Many violent encounters are well known. *The Use of Force in International Law A Case-Based Approach* Edited by Tom Ruys, Olivier Corten, and Alexandra Hofer. Provides coverage of a range of international incidents, from well-known military interventions to lesser known targeted strikes and hostage rescue operations. Mary Ellen O'Connell, *The Crisis in Ukraine - 2014*, in *The Use of Force in International Law: A Case Based Approach* 855 (Oliver Corten and Tom Ruys, eds., 2018) In the early morning hours of February 28, 2014, Russian armed forces moved out of their naval base on the Black Sea and into Crimea, triggering a crisis with Ukraine that continues as this chapter goes to print.
